concentration of economic activity or risk;

- (vi) The degree to which Enterprise provision of the new product overcomes natural market barriers or inefficiencies:
- (vii) The degree to which Enterprise provision of the new product might raise or mitigate systemic risks to the mortgage, mortgage finance or other financial markets;
- (viii) The degree to which the new product furthers fair housing; and
- (ix) Such other factors determined appropriate by the Director.
- (4) The Director will disapprove the new product if the Director determines that approval is inconsistent with applicable law, regulation, or FHFA policy thereunder, or contrary to public interest or the safety and soundness of the Enterprise or the mortgage finance or financial system. If the Director disapproves the new product, the Enterprise may not offer the new product.
- (5) The Director may establish terms, conditions, or limitations on the Enterprise's offering of the new product to ensure that the product offering is consistent with applicable statutory and regulatory standards, FHFA policies, public interest, or the safety and soundness of the Enterprise or the mortgage finance or financial system.
- (6) If the Director fails to make a determination within the 30 calendar-day period that begins on the day after the end of the public comment period, the Enterprise may offer the new product. The Director's failure to make a determination within such 30-day period does not limit or restrict the Director's safety and soundness authority or the authority of the Director to review the new product to determine that the product is consistent with the statutory mission of the Enterprise.
- (c) Temporary approval. (1) FHFA may approve a new product without first seeking public comments as described in 1253.4(c) if—
- (i) The Enterprise submits a specific request for Temporary Approval that describes the exigent circumstances that make the delay associated with the 30-day public comment period contrary to the public interest and the Director determines that exigent circumstances exist and that delay associ-

ated with first seeking public comment would be contrary to the public interest; or

- (ii) Notwithstanding the absence of a request by the Enterprise for Temporary Approval, the Director determines on his or her own initiative that there are exigent circumstances that make the delay associated with first seeking public comment contrary to the public interest.
- (2) The Director may impose terms, conditions, or limitations on the Temporary Approval to ensure that the new product offering is consistent with applicable statutory and regulatory standards, FHFA policies, public interest, and the safety and soundness of the Enterprise or the mortgage finance system.
- (3) If the Director grants Temporary Approval, the Director will notify the Enterprise in writing of the Director's decision, and include the period for which it is effective and any terms, conditions or limitations. Upon granting of Temporary Approval, FHFA will also publish the request for public comment to begin the process for permanent approval.
- (4) If the Director denies a request for Temporary Approval, the Director will notify the Enterprise in writing of the Director's decision, and will evaluate the new product in accordance with paragraphs (a) through (c) of this section.
- (d) Additional information. The Director may request any information in addition to that supplied in the completed Notice if, as a result of public comment or otherwise in the course of considering the Notice, the Director believes that the information is necessary for his or her decision. The Director may disapprove a new product if he or she does not receive the information requested from the Enterprise in sufficient time to permit adequate evaluation of the information within the time periods set forth in paragraph (c) of this section.

## § 1253.5 Confidential information.

(a) Information presumed public. FHFA will treat all information an Enterprise submits in a Notice as public information, except as provided in paragraphs (b) through (d) of this section. FHFA

## § 1253.6

will also treat information provided by a commenter, in response to a notice requesting comment on an Enterprise new product, as public information, except as provided in paragraphs (b) through (d) of this section.

- (b) Confidential treatment request. An Enterprise or commenter may designate specific information as confidential and request that it not be made publicly available. For any information that an Enterprise or commenter seeks confidential treatment. the Enterprise or commenter is required to submit a complete copy of the Notice or comment, with a specific request for confidential treatment. Simultaneously, the Enterprise or commenter is required to submit a copy of the Notice or comment containing only those portions for which no request for confidential treatment is made, and from which those portions for which confidential treatment is requested have been redacted. The Enterprise or commenter must specify the bases for designated information not being made public as set forth in paragraph (c) of this section.
- (c) Required information. The Enterprise or commenter is required to provide the following information in support of its request for confidential treatment of the designated information—
- (1) Identification of the specific information for which confidential treatment is sought, and the specific Notice for which the information is being submitted:
- (2) Explanation of the bases for the proposed confidential treatment including, but not limited to, why the information is "commercial or financial information obtained from a person and privileged or confidential" as that phrase is used in Exemption 4 of the Freedom of Information Act (FOIA), 5 U.S.C. 552(b)(4), and §1202.4(a)(4) of this chapter:
- (3) Explanation of the relevance and necessity of the information to whether the Notice should be approved or denied;
- (4) Explanation of how disclosure of the information would result in substantial harm to the competitive position of the Enterprise or commenter;

- (5) Explanation of whether the information is available to the public and the extent of any previous disclosure to third parties:
- (6) Justification of the time period during which the Enterprise or commenter asserts that the material should not be available for public disclosure; and
- (7) Any other information that the Enterprise or commenter seeking confidential treatment believes may be useful in assessing whether its request for confidentiality should be granted.
- (d) FHFA determination. FHFA will determine whether the designated information may be withheld from public disclosure and will notify the Enterprise or commenter of the determination. In the event that FHFA determines the information may not be withheld from public disclosure, the Enterprise or commenter may withdraw the information or consent to public disclosure. Requests for confidential treatment that do not comply with paragraphs (b) and (c) of this section will not be considered.

## §1253.6 Certifying and nullifying an approval.

- (a) An Enterprise shall certify, through an executive officer, as that term is defined by §1770.3(g) of this title, that any filing or supporting material submitted to FHFA pursuant to regulations in this part contains no material misrepresentations or omissions. FHFA may review and verify any information filed in connection with a Notice. If FHFA discovers a material misrepresentation or omission after the Director has rendered a decision on the filing, FHFA may nullify any approval or modify the terms, conditions, and limitations to such approval. For purposes of this paragraph, an Enterprise's authority to offer a new product or engage in a new activity by reason of the Director's not having made an explicit determination within the statutory time period constitutes an approval.
- (b) Any person responsible for any material misrepresentation or omission in a submission or supporting materials may be subject to enforcement action and other penalties, including
